

Lamsturn Charcoal Gear-driven Direct Grill

The LGA_J900_T combines precision gear-driven fire control with an optimized charcoal support and ash management system, giving chefs exceptional heat accuracy and creative freedom.

Efficient airflow and combustion stability ensure consistent, long-lasting heat output without performance loss, even during extended professional cooking operations.

<Tabletop model>

1. Materials & Construction

Main Body

Stainless Steel 304 plate
Stainless Steel 304 square / round pipe frame
Front panel finished with high-temperature black coating (rated up to 600°C)

Grill Components

Stainless Steel 304 (STS304)
Rund-bar cooking grill: 2 EA
Resting grill: 2 EA

Handles / Accessories

Cast iron handles
Gearbox: 2 sets
Lower frame: heavy-duty frame with casters

Maintenance & Hygiene

All major components are made from Stainless Steel 304, ensuring corrosion resistance and high hygiene standards. The integrated charcoal support and ash management system enables quick, hygienic ash removal, maintaining clear airflow, consistent combustion efficiency, and reduced cleaning and maintenance time.

Material Thickness & Structural Strength

The main frame uses a 1.5T Stainless Steel pipe structure with fully welded joints to minimize thermal deformation and ensure stability during operation and movement. The charcoal support tray is constructed from 9T Stainless Steel for high heat resistance and long-term structural durability.

2. Dimensions

Overall Dimensions

Width: 900 mm

Depth: 743.5 mm

Height: 920 mm

Grill Section

Main grill: 378 × 495 mm

Resting grill: 378 × 250 mm

Ash Drawer

Drawer height: 114 mm

Drawer width: 714 mm

Drawer pull-out clearance: 520 mm

Internal left / right compartments:

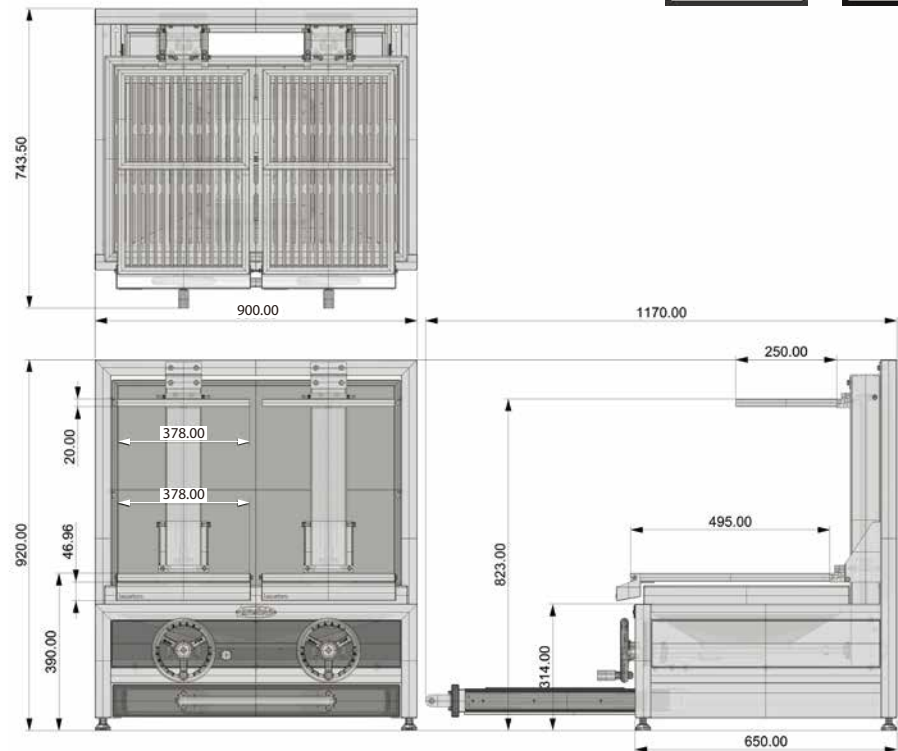

156 × 538 mm

Ash tray: 325 × 355 mm

Working Height

Height from floor to main grill: 390 mm

Height from floor to resting grill: 823 mm

3. Grill Dimensions

1. Grease Tray (Quantity: 2)

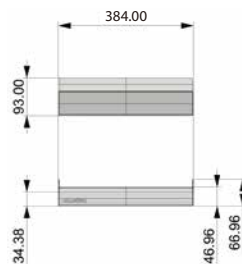

Tray: 384 mm × 67 mm

2. Round Bar Grill (Quantity: 2)

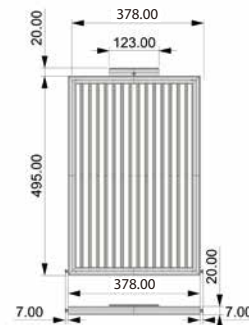

Grill: 378 mm × 495 mm

3. Resting Grill (Quantity: 2)

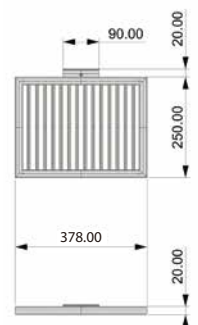

Grill: 378 mm × 250 mm

1. Grease Tray

2. Round Bar Grill

3. Resting Grill
